

## **Classroom «"Techniques and tactics of active types of tourism"»**

In the academic building No. 1 on Academic 9 str., there is a classroom No. 383a **"Techniques and tactics of active types of tourism"** - a specialized auditorium of the Department of tourism and restaurant business. The office is equipped with computers, necessary furniture, tourist equipment and equipment, handouts and poster materials, allowing to conduct training sessions in the disciplines of "Technique and tactics of active types of tourism", "Planning and organization of tourist business", "Basics of tourismology" and other educational program "Tourism". Purchased and updated by the University management sets of bivouac and special tourist equipment allow you to organize tourist and sports trips, conduct field training practices, prepare the team to participate in rallies and competitions.

Also, tourist equipment and equipment are used by students in the summer as part of the organization of the training campaign on the basis of "cooperator" KEUK. Here students consolidate practical skills and abilities on active types of tourism in the territory of Karkaraly National Natural Park.
