

Faculty members of the Department of Digital Engineering and IT-Analytics

Ten Tatiana Leonidovna
Doctor of Technical Sciences,
Professor
Head of Department

Professional experience: 32 years
Readable disciplines: Information Theory, IS Design, Knowledge Bases, Projecting of IS, 1C enterprise.
Scientific works, publications: Has more than 160 scientific publications.
E-mail: tentl@mail.ru

Sholpan Embergenovna Omarova
Candidate of Economic Sciences, Professor

Professional experience: 47 years
Readable disciplines: Information technologies in management, Object Relational DBMS, Fundamentals of information systems, Databases.
Scientific works, publications: Has more than 130 scientific publications.
E-mail: sheo_1953@mail.ru

Spanova Bakyt Zhambylovna
Candidate of Economic Sciences

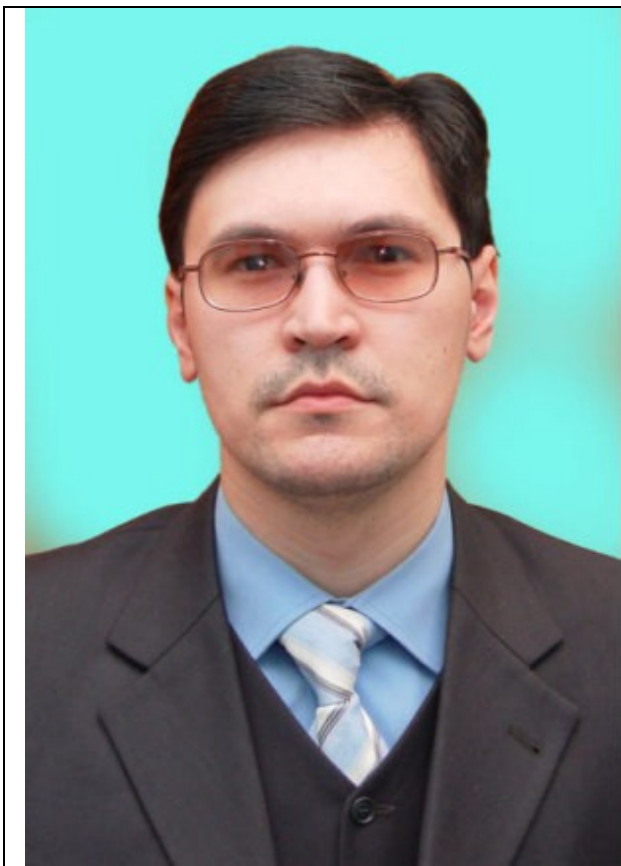

Professional experience: 34 years

Readable disciplines:

Computer technology design,
It solutions and industry 4.0,
Electronic business,
Analysis, modeling IS design,
Object-oriented analysis of software applications.

Scientific publications: named more than 100 publications with the volume of more than 59 p. l.

E-mail: sbg789@mail.ru

Tazhbaev Nurlan Muratovich
Candidate of Economic Sciences, Associate Professor

Professional experience: 21 years
